

# TAM SUN

*The oldest current veterinary newsletter in the Cook Islands.*

Vol 2

## PAGE 3 PET

This months Page 3 pets are two beautiful girls who love running free with their pony tails flying in the wind. They are Canella and Beauty/Bella, the last two horses on Rarotonga. Aply cared for by Brynn they have enjoyed their retirement in the Ngatangia Valley.

If you would like to help out caring for them contact.....

## SPONSOR'S SPLASH WELCOME TO THE ANTIPODES

You probably realise that TAM exists because we have great support from sponsors. You may not realise that each year we are lucky enough to have our major fundraiser, "A Night at the Coliseum", at Antipodes Restaurant, courtesy of Erica and Jos.

You may also realise that TAM staff and volunteers need to eat, and Antipodes help out with this too.

You may have travelled from the antipodes but if you haven't really been to here unless you have visited Antipodes Restaurant!

## SUNNY'S STORY

This month I slept 40 hours on my back under each desk, 30 hours on my belly in the middle of the doorway, caused 3 trips and was stood on twice. About average.

I have also had a few new flatmates. First were Allan and Caroline, they stayed for about a month, I had did get a chance to teach them to snorkel. Then there were Kim and Shona, they got the rough end of the stick, Michael decided COVID and quarantine were enough reason not to come to work for a week.

## DONOR'S CARD

We are so lucky, if we dedicate this column to one person we will never get through the list. So instead, this is dedicated to everyone who has supported our Sponsor a Spey programme. You are truly amazing. We do have to mention one donor in particular, Betsy and Palm Grove. Their generosity allowed us to desex 20 dogs.

## JOKES

This guy found a tattoo on his newly adopted dog and decided to get the same tattoo only to discover afterwards that it means "been neutered"

## SPCA SECTION — DAVID'S DOGS

As always we want to acknowledge the close cooperation and support we receive from the SPCA. Our charity and the SPCA work together closely.

Our SPCA"er of the month is Shelter manager David .....

David is at the shelter every day, feeding, cleaning, exercising and organizing the dogs who are under SPCA care and protection. David loves all dogs, especially those he is responsible for. But his favourite thing is saying goodbye to them, when they are adopted out to new forever homes.
